Misr Al Hurra IDGL School
School Year 2016 – 2017

Mid-First Term Exam .
Name : .....

3rd Grade Prep – O . L .
Class : 3 / A

A. Language Functions (4.5 Marks)

*- 1.) Finish the following dialogue :

1.5

Ahmed is talking to his old grandpa.

Ahmed : How are you , grandpa?
Grandpa : I'm fine. You haven't come for long. What is it?
Ahmed : ..... .
Grandpa : And have you finished your exams?
Ahmed :..... .
Grandpa : When is the result?
Ahmed : ..... .
Grandpa : I hope you will succeed, Ahmed .

@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@@

*- 2.) Write what you would say in each of the following situations :

1 - A friend asks you to help him understand a difficult lesson.

.....

3

2 - You visit a friend who is ill in hospital .

.....

3 - You request your sister to lend you her new digital camera .

.....

B. Reading Comprehension (7.5 Marks)

*- 3.) Read and match :

2.5

A	B
1. You can communicate	a) to sell more machines.
2. Goodnight.	b) not every word.
3. Mazen is going to China	c) he is very happy.
4. Although he is very rich,	d) See you later.
5. You should listen for the main idea,	e) he isn't happy.
	f) with people in other countries.

*- 4.) Read the following , then answer the questions :

One night , Mr.Adham left his car outside his flat as usual. When he came down the next morning to go to hospital , he discovered that the car wasn't there. He called the police and told them what had happened and said that they would try to find it. When Mr.Adham went home from hospital that evening , the car was back again in its usual place. He examined it thoroughly to see if it had been damaged. He found two theatre tickets on one of the seats and a letter saying ; " We are sorry . We took your car to carry a sick man to a hospital." Mr.Adham realized that the robbers planned to rob his flat while watching the play with his wife. He pretended that he had accepted their invitation. He phoned the police and told them about the robbers' plan. When the robbers came to rob the flat , they found the police waiting for them .

A) Answer the following questions:

1. What was Mr.Adham's job ?

.....

2. When did he discover that his car disappeared ?

.....

5

B) Choose the correct answer :

3. Mr.Adham left his car (near his flat – inside the flat – in his garage – beside his work place).
4. Mr.Adham found out that the robbers planned to rob his flat while (reading – writing – making – watching) the play with his wife.
5. Mr.Adham (deceived the thieves – was deceived by the thieves – helped the thieves – refused their tickets).

C. Usage & Writing (13 Marks)

*-5.) Choose the correct answer from a , b , c or d :

1. Look ! They ..... after the bus.

a) run b) ran c) will run d) are running

2. I ..... to Alexandria next week.

a) go b) going c) am going d) has gone

3. When I..... my driving test , I bought a car.

a) passed b) failed c) fell d) succeeded

3

4. People learn English for different.....

a) results b) reasons c) ways d) advice

5. Egypt is an important country in the .....

a) East Middle b) Middle East c) West d) Africa

6. Ali 's company ..... machines to many different countries.

a) buys b) sells c) borrows d) leaves

*- 6.) Rewrite the following sentences using the word(s) in brackets to give the same meaning :

2

1. Mona wants to travel to Japan, so she's learning Japanese. (to)

.....

2. Our team lost the match although they played well. (However)

.....

3. Sara is still doing the washing up. (yet)

.....

4. We have been at school since September. (for)

.....

*- 7.) Read and correct the underlined words :

3

1- While the teacher was explaining the lesson, the students listen to him.
2- She was active because she was very old.
3- Ahmed felt down and broke his arm.

*- 8.) Write a paragraph of FIVE Sentences on the following topic { Learning English } . { important – useful – real life – situations – all over the world – courses – abroad – excellent schools – communicate – books }

5

Mid-First Term Exam .
Name : .....

3rd Grade Prep – A . L .
Class : 3 / A

A. Vocabulary & Structure (15 Marks)

15

*- 1.) Choose the correct word in brackets :

1. She bought some expensive (memorable – memorial – memorabilia – memory) that belonged to the ex-king.

2. We are all (delighted – baffled – angry – happy) by this problem.

3. The child (glared – peeked – gaped – saw) at his new bike in surprise.

4. A (distributor – editor – psychologist – stockbroker) can buy and sell shares in companies for other people.

5. CCTV cameras were (initial – initially – first late – recent) developed as a means of security.

6. There're a few cameras in (majority – major – minority – mega) streets in our city.

7. This shop is equipped with (closed circuit television - circuits – weapons — wires) to look for shoplifters.

8. Would you mind (lend – to lend – will lend -- lending) me your camera ?

9. Untrue friends are not worth (trusting – trust – to trust – trusted) .

10. What time did he (turn out- turn into- turn up) last night?

*- 2.) Rewrite the following sentences using the word(s) in brackets :

1. Neither of them was having breakfast . (Both of them)

.....

2. I'm reading a book at the moment . (What ... ?)

.....

3. The girl was sad because she lost her new mobile phone . (whose)

.....

4. He bought a big house . (The house)

.....

5. I entered the room to see Ali watching TV. (While)

.....

B. Language Functions (5 Marks)

5

*- 3.) Fill in the missing parts in the following dialogue :

Doctor : .....?

Tom : I have a headache and a rise in my temperature.

Doctor : Take a deep breath . All right.

Tom : .....?

Doctor : Not so serious . You suffer from the flu.

Tom : .....?

Doctor : You should follow these instructions and stay in bed for five days.

Tom : .....?

Doctor : Well , food should be light with some hot drinks .

Tom : .....

Doctor : You are welcome .

C. Reading Comprehension (8 Marks)

8

*-4.) Read the following passage and answer the questions below :

Most of the passengers were asleep in the eight o'clock train. It was already half past nine. I was writing a letter while my wife was reading a book. My little daughter was eating ice cream . Suddenly we were all shocked to hear a loud cry from a young lady. She screamed " Help ! Help ! He's going to kill me . He has a gun ." Many people ran towards her. We asked her where the murderer was . She looked around for a few minutes, then at us and finally said : " What a terrible dream !" We comforted her saying she was safe . One of us got her a cold drink . When she felt better , we returned to our seats.

An old man was sitting beside her. He kept talking to her all through the last hour of the journey. When we got off the station , I said to the man ; "It was kind of you to keep talking with her to help her to be quiet." He said with a smile, "Oh! No, I only wanted to prevent her from sleeping and having another dream ! "

A) Answer the following questions:

1. What was the writer's wife doing in the train?
   .....
2. Why did the old man keep talking with the young lady ?
   .....
3. What was the writer's little daughter doing in the train?
   .....

B) Choose the correct answer :

4. The writer was (eating ice cream – reading a book – writing a letter – reading a newspaper).
5. One of the passengers gave the young lady (an ice cream – a letter – a cold drink – a gun) .

D. Writing (6 Marks)

6

***-5.) Write a paragraph of Twelve (12) lines on the following topic { The Internet } . You may use these guiding words :**

{ network – communication – e-mail – data – business - advantages – disadvantages – backbone }

.....

.....

.....

.....

.....

.....

.....

.....

[The End of Questions]

(3) Compare between:

Speed	Acceleration

(4) Write the scientific term

1) The acceleration of an object when its initial speed is larger than the final speed.
2) It is the distance which covered by the body during in one sec.
3) It is the total distance which covered by the body over the total time.
4) The shortest straight line between any two positions.

5)When:

Distance is equal to the displacemen
The value of the velocity is equal zero.

(6) What is meant by?

1) A car moves with a uniform speed = 60 m / sec.

2) The acceleration of a train is($-2\ m/s^2$)

---

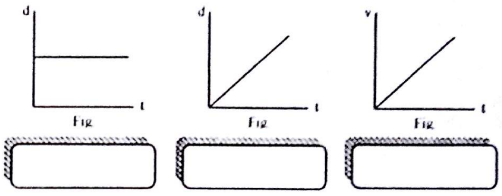
7) An object starts its motion from rest till reaches 60 Km/hr in 5 seconds. Calculate its *acceleration*.

---

8) Write the properties of image when the object in distance =less than focal of concave mirror
length by drawing .

Misr Alburra ISGL School science test Name/ .....

1)(A)Mention what does the following graphs represents:



" (B)" The Opposite table represents a relation between distance and the time for a moving car
1-Draw the relation "distance – time" for the values in the table.
From the opposite figure represent:
a- The unknown values of A- B - C
b- The value of the average speed.
c- The type of the speed.

D(mete	4	8	A	16	B	28
T (sec.)	1	2	3	4	5	C

2)Choose the correct answer:

1-Acceleration:

a) ratio of the change in velocity to the time for this change.
b) Ratio of the change in displacement to the time for this change.
c) Product of velocity and time.

2- The (speed - time) graph for regular motion at constant(uniform) speed is represented by

a) A straight line parallel to the time axis. c) A zigzag line.
b) A straight line passing through the origin point.

3- A vector quantity is completely defined by Knowing:

a) its direction only. b) its magnitude and direction c)its magnitude only

4-Velocity is:

a) Vector quantity. b) Scalar quantity. c) Vector and scalar quantities.

Midterm Exam For third Year of preparatory School for Year 2016/2017

Q1: Choose the correct answer

1-To represent the inputs in the flowchart use **(Enter - Print - Output)**

2-In The following formula C= A + B, C represents **(variable – value – stored value)**

3-The symbol (▱ - □ - ◇) is used to input data and output results.

4-To Record all applied steps for problem solving **(Testing - Documentation - Design)**

5- A diagram that uses graphical symbols to illustrate the sequence of steps for solving a problem **(Flowchart - Problem Solving – algorithm)**

Q2 put true (√) or false (×) on the front of the following sentences

1-You can use any geometric shape to represent algorithm when drawing the flowchart. ( )

2-The rectangle symbol represent only one processing operation. ( )

3-The natural direction of the processes from top to bottom and from right to left. ( )

4-program design is the first stage of the problem solving. ( )

5-The symbol decision come in one line and com out more than one line. ( )

Q3 Write the scientific term

1-An objective or an output that we have to attain through sequence of steps, activities and specific inputs. ( )

2-A group of Logical arranged procedures to be executed to attain a goal. ( )

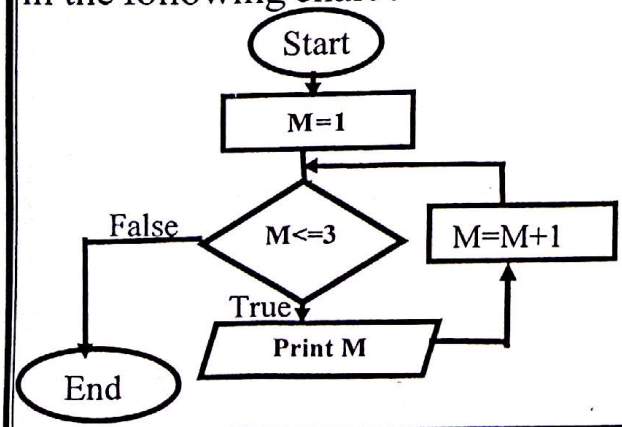
3- Implies the identification of required outputs, available inputs and, arithmetic and logical operations to be executed. ( )

4-It is a graphical symbol to type assignment statements or arithmetic operation. ( )

5-It is a memory storage that contains a value, its value changes during running the program. ( )

Q4: (A)

in the following chart :



1-The number of iterations (print the value of M) is:
a- 2 b- 3 c- 4

2-The value of M after the end of the iterative loop equals:
a. 2 b- 3 c- 4

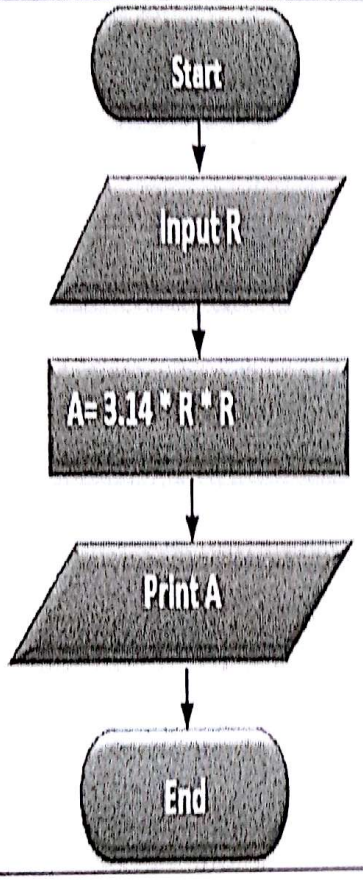
3- The result of m after the end of the iterative loop is:
.....

NAME ----------
CLASS ---------- **TOTAL DEGREE**

(B):

The following flowchart is used to calculate the area of a circle with radius "R".
Redraw the flowchart so that it display the message "not allowed" and exits from program (when the value of "R" is negative)

Flowchart	Modified Flowchart
	



"Finished"

With my best wishes
MR, Atef Almnoufy

Question (1) : Complete each of the following

1) if $f(x) = 4x - 3$, is represented graphically by straight line passes through The point $(a, 5)$, then $a =$ .....
2) The function $f(x) = ax + b$, represented by straight passes through the origin point If b .....
3) The degree of f where $f(x) = x^2 - (1 + x)^2$ is .....
4) If $f(x) = -5$, then $f(5) + f(-5) =$ .....
5) If $x = \{7\}$, then $x^2 =$ ..... and $n(x^2) =$ .....
6) If $f(x) = ax - 1$ and $f(2) = 5$, then $a =$ .....

Question (2) :

(a) If $f : x \longrightarrow R$, $f(x) = 3x - 7$ and $x = \{2, 3, 4\}$. Find the domain of function

(b) If $(x + y, y) = (3, 2x)$, find the value of x and y

Question (3) :

Represent graphically the function $f(x) = x^2 - 3x - 2$, $x \in [-2, 5]$, then find

a) The vertex point of the curve

b) The maximum (minimum) value of the function

c) The equation of line of symmetry

اداره شبين الكوم التعليمية — الصف الثالث الإعدادي
